

AB0102 Picnic Bana™ Tent Only

With 1 Raised Arch is BT180-1

AquaBanas BT180-X Series tents are designed for multiple applications. They are mainly for use on Bana Decks as shade from the sun. The tents are also great on the beach as shade. Each tent leg has an extra layer of material on the foot pad for abrasion protection. BT180 - X tents feature raised arches and allows unimpeded walking. The "X" indicates how arches are raised. The photo shown is the BT180-1 for a single raised arch in the front. Full model range is BT180-1, BT180-2, BT180-3, BT180-4 and the BT180-WT for a "Walk Through" unit. Other models are available in custom orders.

- Hot air welded construction vs glued for best in class durability
- #316 marine grade stainless steel D-Rings
- Removable 0.6mm PVC tent top with hook n loop
- Internal center loop for light or speaker
- Dual inflation valves
- Pressure relief valve to prevent accidental over-inflation.
